

Our dogs, Allie and Piper, love Hanover Your Pets

Piper, a young boxer, has been going to day care since she was old enough to get her shots. She has a wonderful time. She plays and plays...gets nap time and then plays some more. The people who work there are wonderful. Piper knows if she's feeling blue or cuddly she can always find a secure lap.

Allie, an old dog, has boarded at Hanover Your Pets and always has a good experience. She gets plenty of time outside and all the attention she needs. The facility is spotless and the dogs have plenty of room and nice beds off the floor in their cages.

All the staff have a great love of animals. They were particularly caring toward our old arthritic boxer who recently passed away.

You know when your dog is ecstatic to get somewhere that you've found something special. We highly recommend Hanover Your Pets.
