

“Hi, my name is Buffy. My mom says that Hanover Your Pet is a puppy play land. Is it ever! I get to run around with my friends, play ball (my favorite!) and when I’m in the mood I sunbathe on the platform that Ms. Debra built for us. My lunchtime break gives me the chance to fill my belly and take a much needed nap. And then I’m ready for some afternoon games back out in the yard. Everyone here is so nice to me – they give me lots of hugs and kisses (and sometimes snacks too!) Oh these humans, they really know how to treat a princess right!” - Buffy Terrill, daycare member since 2004

“My name is Cash and I live with Buffy. I’m so excited to go to puppy play land in the morning that sometimes I get frustrated with mom and dad when they take too long to get ready! I howl at them a little so they get the message. Since we come here every day, we know exactly how to get to the big yard – it’s my favorite. I love the feel of my ears flying in the breeze as I run around. And boy am I tired at night after a long day of fun.” - Cash Terrill, daycare member since 2004

“I don’t know what we would do without Hanover Your Pet. Our dogs have a great place to play during the day and are well taken care of – we don’t have to worry about them at all. Thanks everyone!”

- Geraldine Grady and Clint Terrill, Doggie Parents
